What Is Chapter Twelve Bankruptcy?

Definition and Purpose

Chapter Twelve bankruptcy is a chapter of the United States Bankruptcy Code that offers a reorganization plan tailored for family farmers and fishermen. Enacted in 1986, this chapter was created to address the unique financial challenges faced by these industries, which are often cyclical, capital-intensive, and sensitive to market fluctuations.

The primary goal of Chapter Twelve is to allow eligible debtors to propose a plan to restructure their debts while maintaining their operations. Unlike Chapter Thirteen, which is available to individual wage earners, Chapter Twelve is specifically designed for family farmers and fishermen with substantial operations.

Key Features of Chapter Twelve

- Specialized Eligibility: Only family farmers and fishermen with regular annual income from the

farming or fishing operation qualify.

- Flexible Repayment Plans: Debtors can propose repayment plans lasting up to five years, tailored to their financial situation.
- Debt Adjustment: The chapter allows for the reduction or restructuring of debts, including secured and unsecured liabilities.
- Protection from Creditors: Filing triggers an automatic stay, preventing creditors from pursuing collection actions during the bankruptcy process.

- Income Test: The debtor must derive a significant portion of their income from farming or fishing activities. The income must be consistent enough to support a feasible repayment plan.
